

Features

- Tips are made of medical grade polypropylene, and filters are made of highly hydrophobic UHMWPE
- Filters prevent cross-contamination and damage to samples, ensure accurate and precise sample aspiration, and protect the user by preventing sample liquid or vapor from entering the pipette body
- Standard filter tips and low-adsorption-treated filter tips available in all sizes
- Low-adsorption treated tips undergo a coating-free treatment and will not contaminate samples
- All filter tips are autoclavable
- Available in racked package (sterile) and bulk package (non-sterile)

Small and uniform filter pore size ensures the accuracy and precision of sample aspiration

Cat #	Volume	Color	Sterile	Low Retention	Unit
22-0010	10µl	Natural	No	No	1000 Tips/Pack, 10 Packs/Case
